Judge:

Complainant:

ORDER

April 5, 2024

The Complainant alleged a pro tem justice of the peace refused to continue her case when she claimed disability.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on April 5, 2024.

I turned in an Extension request when I had an Neurology appointment. Due to Diagnoses from Neurologist for Cognitive dysfunction due to ~~neck~~ head injury which this case was about. Atk's referred me to Neuro psych testing. The judge denied. I filed for physical & Psychological Accomodations after being denied to appear by phone. I was not told if this request was approved or denied. When I showed up in court the judge basically said we are busy court today and will do the best we can. I was so confused, in pain & dizzy I was not functioning properly. I accepted a settlement due to the and with Sen' Hockery saying if I take and dismiss I will not have to pay her fees. ER visit Sene!°
