COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 23-444

Judge:

Complainant:

ORDER

April 12, 2024

The Complainant alleged improper legal rulings and a violation of the right to counsel by a superior court judge hearing a criminal case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Denise K. Aguilar and Roger D. Barton did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on April 12, 2024.

Good day,

I filed these motions on _____ and the state has not responded on this. I would like to report this Judge for verbally answering on these and report the _____ courthouse on trying to refuse me to file these motion which is a violation of my constitutional rights. Judge _____ Denied my 14th amendment and 6th amendment constitutional right. Please advise

Perfect. The address listed on all motions is correct as a address for the Commission to use to contact me as well. On Judge signed a search warrant for surveillance of my home, my phone and all my devices with no evidence whatsoever to warrant a warrant violating my 4th amendment right. On Judge stated that I had a failure to appear for a court date that was scheduled for . She stated that so she could have my bail at cash and so she can obtain a search warrant for my home. When I was detained I stated to Judge what she have done she stated that it didn't matter. Even though it does matter. She even had a bail for that failure to appear and she stated " " vacate anything about the warrant and bail and if it does matter the illegal activity she just done. On I asked Judge to obtain new counsel because my public defender was not communicating with me and I missed court because of it. She denied my request to obtain private counsel. On I asked Judge to let me obtain private counsel and she denied my request again. On at I went to the Courthouse and the clerk refused to file my motions and stated that I had to take me motions to court at the same day. I stated to the clerk that the one of the motions was for a new judge. She refused again to file them and I took the motions to court. Judge verbally denied all my motions. Including a change of Judge and motion to obtain private counsel which is my constitutional right. I went back up to the County Courthouse after judge denied my 14th and 6th amendment rights and stated to the clerk that she was also violating my constitutional rights to file motion through the courts. That's when she had another clerk file my motions. I filed my motions on and the state has not responded on none of the motions that I filed at the County courthouse. My Constitutional rights have been violated on so many levels and I want a full investigation started on this Judge and the County Courthouse Building. Thank you.
